

Required Materials: No outside materials required.

Although geographically quite small, Belgium offers tremendous diversity in the types and styles of beer produced. To better understand Belgium and the surrounding area, label the map with the countries, regions, and cities listed below. We recommend using Google Maps or other similar resources to locate each place on the map.

Countries – France, Germany, Luxembourg, the Netherlands

Regions – Flanders, Wallonia, Pajottenland, Poperinge

Cities – Brussels, Leuven, Oudenaarde, Roeselare
