

References

This section includes several charts that you will complete during your studies: a timeline and several plots of various style attributes. Please follow the instructions for each reference and complete the items as directed in each section of the coursebook.

Timeline Directions

Use this reference to mark the dates of major events and developments as noted in this coursebook and its readings. Write the name of the event on one of the lettered lines below and include the date in parentheses following the event. Then put a mark on the timeline at the proper year and label that mark with the letter that names the event. The dates of these events can be found within the coursebook text.

Reference 1: Timeline of Belgian Beer History
